Electrical Power Cables

For Your Industrial Cable Needs

Incorporated in 1976, Leader Cable Industry Berhad (LCIB) is a global supplier of power and telecommunication cables. Over the years, we have grown to become Malaysia's single largest cable manufacturer, offering an ever-growing range of wires and cables to customers in over 40 countries worldwide.

For your industrial cable needs, choose from our range of bare conductors, armour and non-armour power cables, aerial bundle cables, PVC-covered aluminum conductors, telecommunication cables, instrumentation cables, pilot cables, low voltage fire resistant cables, aluminum alloy rods and optical fibre composite overhead ground wires (OPGW).
